

## **Board of Directors**

**Amy Stephenson - 1289 Kendall Jackson**

My name is Amy Stephenson, and I'm excited to announce I am a candidate for a position on the Woodridge Estates POA Board of Directors. I look forward to working closely with the other board members and committee volunteers to continue making Woodridge a great place to live.

For those who might not know me, I moved to Woodridge earlier this past January and have enjoyed every minute I've been here. My husband and I have been married for 28 years and have two adult children living in San Antonio and Austin. We are definitely a South Texas family! I enjoy scrapbooking, trying new recipes, and spending time with family and friends in my spare time.

Woodridge Estates board members must know how to plan and understand the budget, manage the association's finances, deal with disputes, discuss and implement ideas, and engage and listen to the membership's needs. I believe my background as a financial administrator and over 20 years of experience working in various roles for the federal government make me an ideal candidate for this job. Finances and bureaucracy have been my forte for quite some time!

I'm excited to live in Woodridge and want to meet more of our members, build relationships, forge unity, and serve our wonderful community.

Scott Woods – 226 Sonoma Ridge

Scott Woods is a retired United States Coast Guard veteran with 33 years of service. The first half of his career was in navigation serving on three Cutters and two Vessel Traffic Centers with the missions of search and rescue, drug interdiction, migrant interdiction, fishery regulations and vessel traffic control in harbors. The last half of his time was spent in Marine Inspection. This included inspecting passenger vessels of all sizes, tank ships, supply ships, oil rigs, barges and even the 1877 tall ship the Elissa. You should ask him about climbing the mast of the Elissa. He has earned numerous citations and awards through the years from Expert Pistol to the Coast Guard Commendation Medal. Some of his duties included reviewing blue prints of vessels as they were being built or modified in shipyards to insure they were being built in accordance with the most current federal and international regulations.

Scott can be found at home in his vineyard on Sonoma Ridge where he grows Blanc du Bois and Merlot grapes. He has started making wine from the grapes and is hoping for another good crop next year.

Scott has enjoyed being on the ACC for two previous years and is currently on the ACC filling an open seat and looks forward to continue representing all the residents of Woodridge Estates as a member of the ACC and will enforce the covenants in a way that is fair and equitable for all.
